**"I'll take it"**

**At home**

**the**

**antique**

**suitcase**

**contained**

upon

closer

inspection:

someone's

photo

contact

sheets

a matchbook. Caroline was intrigued, but it was late.

**Next afternoon Caroline found time to find**

the address; its only tenant  
answered her  
questions

He didn't know

She was  
discouraged  
overall

"I don't know..." he said

"...why she is...?"

he thought through the door

**There is a**

**reputable**

**Chinese**

**restaurant**

**and its**

**cleanliness**

**oversaw**

**Caroline,**

**who was  
discouraged  
overall**

Happy

Family!

He looked familiar.

Stopping him,  
"You look familiar" she

said, showing him

"...meddling! I..."

he thought  
in the background

"Where did you

get these I really have to go can I meet you Tuesday?" he said and quickly left

Caroline would meet him at "Friendly Help" coffee shop, "where the help is always

courteous," as their television ad always said

**That night Caroline dreamt wildly**

**Wok!**

**The *Friendly Help***

oversaw Caroline

TV: "overalls at blowout  
prices until 10 pm Saturday  
or else [slam!] "If you like  
courteous service."

the cook ("I'm sick of our ad!") changed the station

**Caroline thought**

**"I can't believe I saw him Sunday and now he..."**

TV:  
has been  
missing  
since  
Sunday."

"I don't know...  
...why she is."

Caroline

knew

she

could

find

answers

at the

school

he

had

attended.

**There are places I can go to get answers**

I may need to go to several places...

I  
may  
need  
to  
spend

much of the day

looking

**In the library**

**"At last the answer!"**

**Caroline knew evidence  
when she saw it**

**"Meddling! but I've got news for you!"**

**"Not  
so  
fast  
Roscoe**

you're going to jail!"
